

**ENDOWMENT INVESTMENT POOL  
PERFORMANCE SUMMARY  
Period Ending March 31, 2016**

The UC San Diego Foundation, pursuant to its Endowment Investment Policy and Guidelines and the Uniform Prudent Management of Institutional Fund Act (or any subsequent governing laws or regulations), combines endowment funds for investment purposes and deducts annual costs of administration from the endowment portfolio total return. Each endowed fund holds units in the combined portfolio. New gifts to an endowment fund are added to the principal of the fund and invested in the pooled portfolio.

The Endowment "Spending Policy" (or payout) is set from time-to-time by the UC San Diego Foundation's Board of Trustees. The payout is the amount of expendable distribution made available to the endowment fund holder or endowment chair holder on an annual basis from the endowment. The payout is used by the fund holder or chair holder for the purpose intended by the donor, subject to the appropriate university policies.
